- 13.7 ALL ROLLING GOODS MUST HAVE A VOUCHER OF ASSISTANCE FOR DISCHARGING

12. CONDITIONS GENERALES DE VENTE

Article 1 - Champ d'application

Les présentes Conditions Générales sont applicables à toutes les opérations réalisées par l'ENTREPRISE DE MANUTENTION à quelque titre que ce soit consistant notamment à :

- mise à bord et/ou débarquement de conteneur(s);
- déchargement ou chargement des marchandises depuis tout moyen de transport terrestre :
- transbordement de marchandises entre les moyens de transport de même
- nature ou de nature différente ; empotage ou dépotage des conteneurs, remorques ou toutes opérations de conditionnement ;
- formation de palanquées, saisissage, hissage, arrimage et calage des marchandises sur tout support;
- déplacement sur allèges, brouettage, et acheminement des marchandises depuis la zone d'entreposage jusqu'au quai et depuis le quai jusqu'à la zone d'entreposage ;
- stationnement des marchandises avant embarquement ou débarquement quelle qu'en soit la durée, la mise sous hangar sur terreplein ou parc portuaire et plus généralement toutes opérations de stockage des marchandises sur la zone portuaire :
- en entrepôt, manutention en entrepôts, gardiennage marchandises:
- réception, pointage des marchandises ;
- toutes opérations éventuelles de relevage.

Quelle que soit la prestation réalisée, ces Conditions Générales règlent les relations entre le donneur d'ordre et l'entreprise de manutention. Elles s'appliquent de plein droit à défaut de convention écrite spécifique.

Article 2 - Définition

Par « colis », on entend, un obiet ou un ensemble matériel composé de plusieurs objets quel qu'en soit le poids, les dimensions et le volume, constituant une charge unitaire lors de la remise à l'entreprise (caisses, cartons, conteneurs, enveloppes, fardeaux, palettes cerclés ou filmés, etc.) même si le contenu est détaillé sur le document remis par le déposant.

« Donneur d'ordre » : Par donneur d'ordre, on entend la partie qui contracte la prestation avec l'ENTREPRISE DE MANUTENTION.

Pour toutes les opérations visées par l'article L5422-19 du code de transports (anciennement Loi du 18 juin 1968) et Décret n°66-1078 du 31 décembre 1966, seul le transporteur maritime contracte avec l'ENTREPRISE DE MANUTENTION.

Dans l'hypothèse prestations spécifiques, confiées directement l'ENTREPRISE DE MANUTENTION, le donneur d'ordre sera la partie qui aura commandé la prestation.

« Réception » : la réception des marchandises ne sera réalisée qu'après signature par l'ENTREPRISE DE MANUTENTION de ladite réception sur tout support documentaire adéquate.

« Livraison » : Par livraison, on entend le jour où la marchandise est remise ou offerte au destinataire ou à son représentant.

Article 3 – Responsabilité

Pour toutes les opérations définies à l'article 1 des présentes, la responsabilité de l'ENTREPRISE DE MANUTENTION est régie expressément par les dispositions des articles L5422-20 et suivants du code des transports et du Décret n°66-1078 du 31 décembre 1968 et ce même s'il était retenu que ces dispositions du code du transport et de ses décrets d'application ne sont pas légalement applicables.

L'ENTREPRISE DE MANUTENTION ne renonçant par ailleurs à aucun des droits, limitations ou exonérations de responsabilité dont elle pourrait bénéficier en vertu notamment d'autres lois subséquentes applicables, ainsi qu'aux coutumes et usages du port où la prestation sera réalisée.

Seul celui qui aura requis les services de l'ENTREPRISE DE MANUTENTION sera recevable à mettre en cause sa responsabilité

Le régime de responsabilité quelle que soit la prestation réalisée sera tel que défini à l'article L5422-21 du code des transports.

Il est précisé que les énonciations figurant sur tout document contractuel non porté à la connaissance de l'ENTREPRISE DE MANUTENTION lui seront inopposable.

Article 4 - Limitations de responsabilité

Quelle que soit la nature de son intervention, la responsabilité de l'ENTREPRISE DE MANUTENTION est limitée, quel que soit le fondement de l'action, dans les conditions fixées aux articles L5422-23 et L5422-13 du code des transports et du Décret du 31 décembre 1966, à moins qu'une déclaration de valeur n'ait été notifiée expressément par écrit et acceptée par l'ENTREPRISE DE MANUTENTION.

Ladite limitation, quel que soit le dommage, matériel, immatériel, quelle que soit la cause est fixée à 666,67 DTS par colis ou 2 DTS par kilogramme de marchandise endommagée ou perdue.

En outre, et en application du Décret n° 87-922 du 12 novembre 1987, lorsque la perte ou le dommage quel qu'il soit, ne porte que sur une partie d'un colis ou d'une unité, la limite par kilogramme ne s'applique qu'au poids de la partie endommagée ou perdue de ce colis ou de cette unité, à moins que la perte ou le dommage n'affecte la valeur du colis ou de l'unité dans son ensemble ou ne le rende inutilisable en l'état.

Article 5 – Obligation du donneur d'ordre Pour toutes les prestations réalisées, le donneur d'ordre doit remettre à l'ENTREPRISE DE MANUTENTION des marchandises correctement des conditionnées emballées et marquées selon les normes utilisées pour permettre des opérations normales de saisissage et levages et de transports selon le mode

La responsabilité de l'ENTREPRISE DE MANUTENTION ne saurait être engagée pour toutes les conséquences directes ou indirectes découlant d'un défaut d'emballage, d'étiquetages, de marquage, d'une absence ou insuffisance d'informations quant à la nature et/ou la particularité de la marchandise à manutentionner, gardienner, etc.

Article 6 – Prix paiement

Les prix sont calculés sur la base des informations fournies par le client en tenant compte notamment des prestations à effectuer, de la nature, du poids et du volume des marchandises.

Les cotations sont fonction du taux de devises au moment où elles sont données. Elles sont également fonction des conditions et tarifs des sous-traitants, ainsi que des lois et règlements, conventions internationales en vigueur, voire dans le cadre des contrats successifs.

Si l'un ou plusieurs des éléments déterminants de la cotation se trouvaient modifiés après remise des cotations, les prix donnés par la cotation seront modifiés dans les mêmes conditions. Cette exception vaut pour tout événement imprévu modifiant les conditions, l'exécution des prestations ou les rendant plus onéreuses.

Les prix ne comprennent pas les droits et taxes, redevances et impôts en application des lois et règlements, notamment fiscaux ou douaniers.

Les factures sont, en totalité, payables comptant à réception de la facture sans escompte au lieu de leur émission

Il ne pourra être fait aucune compensation entre les factures et le montant d'un préjudice allégué par le client.

Lorsque, exceptionnellement des délais de paiement auront été consentis par l'émission de traites, ou autres moyens, tout paiement partiel sera imputé au choix du créancier. Le non-paiement à une seule échéance emportera sans formalité la déchéance du terme. Le solde devenant immédiatement exigible même en cas d'acceptation des faits

Des pénalités seront appliquées dans les cas où les sommes dues sont versées après la date de paiement figurant sur la facture. Conformément aux dispositions de l'article L.441-6 du code de commerce, passé ce délai, le donneur d'ordre sera redevable de pénalités de retard égales à trois fois le taux d'intérêt légal, lesquelles seront exigibles sans qu'un rappel soit nécessaire, ainsi que de l'indemnité forfaitaire pour frais de recouvrement en vigueur prévue à l'article D.445-1 du code de commerce ou à tout texte qui s'y substituerait, sous réserves de frais de recouvrement plus élevés.

Une indemnité forfaitaire d'un montant de 40 euros sera due de plein droit et sans notification préalable, pour toute facture non réglée dans les délais impartis. Une indemnité complémentaire pourra être réclamée sur justificatifs, lorsque les frais de recouvrement exposés seront supérieurs à l'indemnité forfaitaire

Article 7 - Droit de gage conventionnel

Quelle que soit la qualité en laquelle l'ENTREPRISE DE MANUTENTION intervient. le donneur d'ordre lui reconnait expressément un droit de gage emportant droit de rétention et de préférence général et permanent sur toutes les marchandises, valeurs et documents en sa possession et ce en garantie de la totalité des créances (factures, intérêts, frais engagés, etc.) que l'ENTREPRISE DE MANUTENTION détient contre lui pour montants même antérieurs ou étrangers aux opérations réalisées au regard des marchandises.

Article 8 – Prescription

Quelle que soit la prestation réalisée, toutes les actions à titre principal contre l'ENTREPRISE DE MANUTENTION se prescrivent par un an à compter de la date de l'achèvement de la prestation et sous réserve de prescriptions légales plus courtes telles que les appels en garantie.

Article 9 - Juridiction

En cas de litige ou de contestation, seul le Tribunal de Commerce de Marseille est compétent, même en cas de pluralité de défendeurs ou d'appels en garantie. Seule la loi française étant applicable.
